- User Research & Customer Journey Mapping
- Persona Development
- Wireframing & High-Fidelity Prototyping
- Interaction Design & Micro-Animations
- Usability Testing & A/B Testing
- Responsive & Adaptive Design
- Design Systems & Component Libraries
- User-Centric Design Principles
- Problem Solving & Attention to Detail

Product & Visual Design

- Web App Design
- Mobile App Design
- Web Design
- Product Design
- Illustration & Iconography
- Logo, Poster & Brochure Design
- Brand Identity Design

Frontend Development (React)

- HTML5, CSS3, JavaScript
- React.js & JSX
- Tailwind CSS / Bootstrap
- State Management (Redux / Context API)
- Version Control (Git)
- Figma to React Implementation
- Cross-Browser Compatibility
- Performance Optimization

Tools & Technologies

- Figma / Adobe XD / Sketch
- Adobe Illustrator / Photoshop
- Framer / Wix Studio / WebFlow
- Balsamiq
- Spline
- Jira / Trello
- Notion

Professional Experience

Product Designer - Singapore
04/2024 - 08/2025

Warely .PTE.LTD

As a UI/UX Designer and acting Product Owner, I designed user-centric interfaces, led usability testing, and aligned design strategies with business goals—while ensuring compliance with Singapore regulations.

Key Project

1. Digital Ordering

UI/UX Designer / Product owner

Designed a seamless QR-based ordering system with integrated payments, combos, and CRM-based discounts. Led end-to-end UX process and cross-functional collaboration, improving usability, order volume, and user retention.

2. Kiosk Ordering

UI/UX Designer / Product Owner

Designed an intuitive kiosk interface that improved order accuracy by 20% and reduced customer wait times by 15%, boosting overall operational efficiency.

3. Human Resource Management System

UI/UX Designer / Product Owner

Designed UI for HRMS and e-Scheduling with payroll, leave tracking, authentication, and reporting—boosting user adoption by 20% in hospitality, retail, and F&B sectors while ensuring compliance.

4. Point of Sale System

UI/UX Designer / Team Member

Integrated coupon management, loyalty points, CRM, table management, combo/modifiers, printer setup, NFC, and QR code features—boosting customer retention by 15% through personalized offers and smooth transactions.

5. Merchant App

UI/ Designer / Product Owner

Design a merchant app integrating POS transactions, QR ordering, sales reports, and soundbox notifications for efficient order management.

Languages

- English - Fluent
- Tamil - Native
- Malayalam - Intermediate

Hobbies

- Creating and designing UI kits.
- Bringing my own Web designs to life.
- Exploring new places

Awards

- Best Initiative Award for QR Ordering Project

6. POS Admin Design

UI/UX Designer / Product owner

Designed the POS admin panel for managing orders, inventory, user roles, and reports—streamlining backend operations and improving administrative efficiency.

UI/UX Designer   12/2022 - 03/2024

Triton Tech Labs - (Tenkasi, India)

As a UI/UX Designer at Triton Tech Lab, I crafted user-focused, visually engaging designs to address user challenges and boost satisfaction. I collaborated closely with developers, IoT teams, and marketing to deliver intuitive solutions, primarily serving the medical industry.

Key Project

1. Digital Token Display System

Designed the UI for a Digital Token Display System, using user research to address key pain points. Integrated vital sign tracking and mobile token booking, enhancing hospital operations and boosting patient engagement by 20%.

2. Smart Water Management System

Designed the UI for a Smart Water Management System, conducting user research to identify challenges and optimize workflows. Integrated real-time monitoring and automated alerts, improving resource efficiency and user engagement.

3. Ancestor Family Tree Application

Designed the UI for a web-based family tree platform that stores family and medical records, enabling users to analyze hereditary conditions and locations. Worked closely with users, developers, and stakeholders to deliver a seamless, user-friendly experience.

Freelance Graphic Designer   08/2022 - 11/2022

Midas Apparel- (Sharjah, UAE)

As a Freelance Graphic Designer, I created impactful social media and print designs—including posters, logos, brochures, and mockups—for industrial marketing. I collaborated closely with production, marketing teams, stakeholders, and clients to deliver custom designs aligned with brand identity and business objectives.

Education

Bachelor of Computer Science (B.E.)   04/2019 - 04/2023

Frances Xavier Engineering College - (Tirunelveli, India)

Certification Course

Web Development   06/2022 - 08/2022

Skill Vertex - Work from Home

UI/UX Designer   02/2022 - 05/2022

Aspira Design Academy
